To Whom It May Concern

This is to certify that Mr. Harsh Singh has done his internship in C32 Media Labs Pvt. Ltd. Pune in Human Resource and Operations department.

During the internship he demonstrated good managerial skills with a self-motivated attitude to learn new things. His performance exceeded expectations and was able to complete the project successfully on time.

Throughout the internship, I found Harsh consistently improving his patience and skill management abilities. It took him a while to adapt, but he mastered this art with time. He is an attentive listener and I always saw him maintaining his calm during corporate discussions. We helped him develop skills in effective dealing and efficient field operations. His timely switch to autopilot campaigning allowed him to advance to new clients while keeping a check on the previous ones. We wish him all the best for his future endeavours.

Sumedh Bhalerao
Director
